If you have suggestion of additional references, please mention in the review form.** **(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)**	**Yes** **I will put an easy tittle** **Yes, it needs some correction about sample directives for example I clarify about managers and middle managers, and I will delete about A set of statistical tools were used to reach the results, the most important of which is (mean - coefficient of variation - Standard deviation - Content validity - Simple linear regression - Pearson correlation coefficient),** **Yes, but I will consider the following one (1. Introduction, 2. Literature review, conceptual model and research hypotheses, 3. Methods, 4. Results, 5. Conclusions, discussion and implications, 6 references** **Yes, analysis seems the usual in this scientific field, providing evidence of the phemomenon examined.** **yes**	
Minor REVISION comments **1. Is language/English quality of the article suitable for scholarly communications?**	Yes, but it needs some revision: I think that there is missunderstanding here: The target community represented the directors and middle and senior leadership in the ministry with a total of 82 directors and 77 middle directors ? this will be better instead of: The target community represented the directors and middle and senior leadership in the ministry with a total of (82) directors and a sample of (77) directors
