Thin-layer chromatography is widely used to determine the chemicals that are present in a particular sample and track the development of a reaction. Hence, review on this topic is important. No , based on only 52 references, it is not appropriate to write the word ' Exploring the World ' in the title. Therefore title should be changed. yes Some modification may be done. e.g., after writing application at point 12 , identification of drugs at point 15 is odd looking. yes Not sufficient and not recent , references for the period 2014-2023(last ten years) is necessary as it is a review paper.	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	yes
