### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>In the title, I feel there is a need for the author(s) to add the country of the study. However, author(s) needs to present a more robust background information focusing on the keywords in the title of this study. I feel rather uncomfortable with the use of old references cited in most of the parts of this manuscript especially in the introduction. You are expected to add some recent and relevant references to augment the older ones already included.</p> <p>In the methodology, author(s) needs to present the sampling procedures employed for this study in a clearer manner. In other to give scientific significance to this study, author(s) may need to go beyond descriptive statistics as presented and may carry out some hypotheses testing to further strengthen the results on conflict resolution strategies in public secondary schols' management.</p>	
<b>Minor</b> REVISION comments	Nil	
<b>Optional/General</b> comments	Nil
