PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<ol style="list-style-type: none">1. Author has to rewrite the keywords which should comprises maximum of six words.2. Author need to check whether the explanation for all the given abbreviations is explained or not? Eg. IRRI..3. Author should clearly highlight the problems and objectives of the study.4. Author did not given a total number of sample respondents. So, it should be given.5. Sampling technique is another important tool to collect the primary data. Hence, author has to give the type of adopted sampling technique to cover the total number of sample respondents from 15 villages in each district.6. Author has not mentioned secondary data sources in methodology. I recommend the author to add it in the part of data sources.	
Optional/General comments		

PART 2:
