

## Review Form 1.6

Journal Name:	<a href="#">International Journal of Plant &amp; Soil Science</a>
Manuscript Number:	Ms_IJPSS_90288
Title of the Manuscript:	Effect of Leaf Extract of Cassia fistula on the Growth and Development of Colletotrichum gloeosporioides and Cercospora bataticola
Type of the Article	Original Research Article

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy> )

### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<b>No specific comments</b>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	Continuous and indiscriminate use of conventional/chemical fungicides, many plant pathogens have got resistance against these fungicides and most of fungal plant diseases have become difficult to control through conventional fungicides. Phytochemicals have been playing an important role in human welfare for millions of years without any adverse effects to the ecosystem. Author has well formulated research, scientifically analysed and presented data with lot of illustrations. Article is highly recommended for publication.	

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
