General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijrrgy.com/index.php/IJRRGY/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	A well conducted study. However, it would be interesting to know: 1) Were patients with ectopic pregnancy included in the study? If yes, what was the incidence of Chlamydial infection? 2) Did any patient have Tubo-ovarian abscess? 3) How many patients required admission for inpatient management? 4) Did any non-pregnant patient undergo laparotomy? 5) What is the cost of Screening test for Chlamydia?	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
