

Review Form 1.6

Journal Name:	International Research Journal of Pure and Applied Chemistry
Manuscript Number:	Ms_IRJPAC_89005
Title of the Manuscript:	Evaluation of the hepatic effects of Caladium hortulanum Leaf Extract on Wistar Albino rats.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalirpac.com/index.php/IRJPAC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Author studied and evaluated Caladium hortlanum leaf extract on dose dependent manner in mice model. Author addressed the biochemical markers and hepatic damage in dose dependent long term treatment with plant extracts. HepatoToxic effect of the drug has been well addressed in experimental model. It is suggested to assay the chemical in plant leaf and find out the molecule which are toxic. It is important to address pharmacological toxicity test on all traditional medicinal plant for therapeutic purpose.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
