PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. There are many subjectivity in the data selection process of the model. It is suggested to use relatively objective models such as analytic hierarchy process. Due to the lack of comprehensive and detailed investigation of HYV paddy and Black aromatic paddy in Imphal East district of Manipur, the conclusion of the article is not convincing. 2. The article does not put forward constructive opinions on the conclusions, which makes the article lack of important practical significance.	
Minor REVISION comments	There are many grammatical errors in the article, and the expression of some sentences in the article is not very clear.	
Optional/General comments	Some errors on characters and formatting.
