General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalmrji.com/index.php/MRJI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Number of samples are extremely low considering that samples have been isolated from 2 hospitals, though the methodology is good and technically sound. There are a number of spelling mistakes in the article and grammatical errors too which need to be addressed Abstract is not structured. The referencing style is not as required by the journal and no reference numbers have been added in the text.	
Minor REVISION comments	AST: How many plates were used for each isolate and how many discs used for each plate has to be clarified.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
