

### **Editor's Comment:**

My final decision is positive. I think that the last version of the paper can be published.

Some corrections are needed.

- ✓ The abstract Should be less than 250 words not 577.  
The Abstract should be a brief presentation of the aims and scope, methods, findings and conclusion of the article. It should NOT duplicate the text of the Introduction.  
The table 9 should be referenced (in the text).  
Use English language only specially in the figures and tables.
- Check grammar.
  - ✓ to have the text English proofread (mainly the application of articles).  
In the text, do not use the first person "we", "our".
- References should be checked.
  - ✓ to elaborate the bibliographic citation and references format according to the needs of CJUST.
