### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"><li>1. Abstract. It is recommended that authors review the rules regarding the maximum number of characters to be used. In the same way, I believe that it could help to briefly include the most important results achieved in the research.</li><li>2. Introduction and Literature review. In my opinion, the introduction is too short and does not correctly delimit the objective of the research work. It would be convenient to make clear at this point the specific objectives of the work and the way to reach them. Also please insert some new sources.</li><li>3. The author should explain more clearly the importance and relevance of his or her research and anticipate the potential benefits of this research.</li><li>4. Link the conclusions to the results in more detail.</li></ol>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments
