

Editor's Comment:

The said **manuscript is acceptable for publication** on the condition that the authors should address the following flaws:

1. Add country name "India" in the paper title.
2. Duplicated keywords (same as in the paper title) must be re-chosen.
3. Use "and" instead of "&" throughout the entire text.
4. Unify the use of "percent" and "per cent".
5. Unify also the use of "Table [1]" and "table 1".
6. Many typing errors have been detected, such as "reorted", "offereing".
7. Footnote to explain the meaning of the numbers in parentheses "()" must be included in all the appropriate tables.
8. The correct form is "et al.", not "et al".

Many spacing errors have also been detected. Therefore, a thorough proof-check and English-check is highly recommended.
