

Review Form 1.6

Journal Name:	Asian Journal of Biotechnology and Genetic Engineering
Manuscript Number:	Ms_AJBGE_88668
Title of the Manuscript:	African swine fever virus: A review on its heterogeneity, immunomodulatory property and its extent of virulence.
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalajbge.com/index.php/AJBGE/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	The article contains many useful information for the development of research concerning the African swine fever virus. Here are some recommendations to further improve the quality of the paper: -the paper requires some English and drafting corrections -one concern is about the figures presented. If the figures are not original, belonging to the authors of this article, the source should be specified near or in the picture (like the authors did for Figure 3), or the authors should add "Courtesy of..." after obtaining the consent of the authors of the figure, because of the copyrights.	
Optional/General comments	The article contains numerous recent references.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
