### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"><li>1. The introduction needs to be restructured. Explain your terminologies better and restructure paragraph one using fullstops to make the sentence less wordy.</li><li>2. To ensure that the research work is based on a theory it is important for the researcher to review one or two theories that support the study.</li><li>3. The researcher should do a brief write up on their research method and instrument.</li></ol>	
<b>Minor</b> REVISION comments	<ol style="list-style-type: none"><li>1. Objective no 1 is not an objective and should be removed.</li><li>2. Using the objectives, the researcher should form their research questions and research hypotheses.</li><li>3. Conclusion and recommendation should be more detailed.</li></ol>	
<b>Optional/General</b> comments	I feel the work should be better proof read to take care of the noticed typographical errors. However, if all the corrections above are done critically the work will be good to go.	

### PART 2:
