

Experimental fish were not written. The rearing condition is not shown. The feed was not explained. The garlic extract method was not explained. The nutritional level is not explained. In the results and discussion, all figures and graphs are not carefully labelled and captions are not in English. This is an English written manuscript yet some labels were not in English. There are marks for the fish photos. There were very little discussion in this part. Please make into paragraph form. Please use references citation.

Major revision before to be considered for reviewing again. All the comments are written in comments".

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
	<i>(If yes. Kindly please write down the ethical issues here in details)</i> Please show the animal ethical approval since you are doing challenge test on animal.
