PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article is good, but there is still minimal discussion with supporting reference studies. as a non-research article, the author should have studied more references from various related research results to deepen each sub-chapter discussed	
Minor REVISION comments	In the bibliography very many references are used, but they are not in accordance with the contents of the article which have very few references. Please adjust	
Optional/General comments	There needs to be a lot of reviews of related research results whose sources are in the form of the latest journals in the last 5-10 years	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes. Kindly please write down the ethical issues here in details)</i>
