Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Thankyou for giving me a chance to review the article. As it was a pdf, I had put pop ups where the corrections are needed. The comments are highlighted in Pop-ups as well as this sheet.</p> <ol style="list-style-type: none"> 1) ABSTRACT BACKGROUND: 72006601.45 (No. of people in decimals??) 2) ABSTRACT RESULTS: Kindly calculate the percentages in reference to original n= 593. 3) ABSTRACT CONCLUSION: The high mortality rate (____%) is dangerously alarming 4) INTRODUCTION: Kindly put " Progress in _____" paragraph in Conclusion. 5) INTRODUCTION: Remove "of" 6) INTRODUCTION: What is PRG? 7) INTRODUCTION: Remove " 8) INTRODUCTION: (No. of people in decimals??) 9) MATERIALS AND METHODS: Write "each patient was interviewed on telephone". Write "Lost to follow up" instead of "Untraceable". 10) TABLE 1: Write "Unemployed" instead of Occupationless 11) TABLE 1: Don't write Class 14 and Class 16 12) Figure 1: Instead of "Out of followup", write "Lost to follow up". Instead of Light and dark grey, give red ad blue colour to differentiate easily. 13) TABLE 2: Kindly write in Heading and Suheading format as shown below for points 1-9: Leukemias Acute Lymphoid Leukemias Acute Myeloid Leukemias Chronic Myeloid Leukemias and so on 14) TABLE 2: Number seems wrong. Kindly check. 15) FIGURE 2 shows Colon Cancer has second highest survival. Kindly check. 16) Right Spelling is "Periampullary" 17) FIGURE 2: Kindly change colour of Colon and Pancreas cancer. Both are same and blue. 19) FIGURE 3: Kindly change color of Lymphoma and GTT. Both are same and blue. 20) LEGEND OF FIGURE 3: Instead of solvent, write "About 33% economically superior patients, 19.67% poor and 18.18% average economical patients survived five years." 21) RESULTS: ABOVE FIGURE 6: who are tobacco non users and without comorbidities 22) FIGURE 7: Kindly change color as shades of grey appear dull Instead of occurrence, write Incidence. 23) FIGURE 8: You can just write highest and lowest values. Rest is self- explanatory in the figure. 24) FIGURE 8: Below first and second bars, text is incomplete: Germ cell and trophoblastic tumor of gonads etc.--- Instead of alive, write Disease specific highest "survival" in percentage 25) DISCUSSION: PARA3: Rewrite the sentence, as it doesn't carry meaning. 26) DISCUSSION: PARA 4: Sarcoma (46%), GIT Cancer (40.63%) 	

Review Form 1.6

	27) DISCUSSION PARA 6: "compared to patients who use tobacco". 28) DISCUSSION PARA 7: Write in second line about "patients with comorbidities have less survival" 29) RECOMMENDATION: Check spelling	
Minor REVISION comments		
Optional/General comments	The article is about descriptive epidemiology and needs few corrections as advised.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
