

Editor's Comment:

Manuscript Title: **OUTCOME OF PTERYGIUM EXCISION WITH CONJUNCTIVAL AUTOGRAFT IN A TERTIARY HOSPITAL IN SOUTHERN NIGERIA**

Reviewer one Dr. Ezinne C. Nkeremuzor gave a score of (with minor revision of putting full stops in the sentences.

Reviewer two Dr. S. Karkuzhali asked the authors to include the graph for comparison of post surgical comparison, include 150 to 200 words in conclusion and include the performance measures in results

Reviewer three Dr. K. Kalaivani gave comments on spacing and alignments

Reviewer four : **Dr. Prakash S. Prasad** asked that the conclusion should be more elaborative..indicating post operative complications

All the minor revision suggested have been included except for the graph for comparison of post surgical complication.

I feel that the revised **article can be published.**
