Manuscript Number:	Ms_AJPR_90211
Title of the Manuscript:	<b>Adherence of healthcare professionals to guidelines on inpatient management of children with severe acute malnutrition at the Upper East Regional Hospital in Ghana</b>
Type of the Article	<b>Short Research Article</b>

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajpr.com/index.php/AJPR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	I want to congratulate the author on this wonderful topic, because the African region really suffers from malnutrition, especially among children, people with low economic status, where health care is precarious.	
<b>Minor</b> REVISION comments	Important and relevant topic	
<b>Optional/General</b> comments	1 - It is suggested to the author to observe the abstract because it is placed only in a single paragraph. 2 - In the introduction the author reports more about the malnutrition of these children in Africa. 3 - Insert in the introduction a report on severe acute malnutrition, what happens to the human organism, reporting signs and symptoms. 4 - Briefly describe what the guidelines say in relation to SAM. 5 - Insert the general objective of the work 6 - What are the exclusion criteria. 7 - Which instrument was used for data collection. which instruments were used to check all the symptoms mentioned in topic 4, hypoglycemia .... 8 - The author emphasizes that the study was descriptive, however, he also reports that it was a field and systematic study. 9 - In the references, insert the DOI and the access date of each article.	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
