

Review Form 1.6

Journal Name:	Asian Journal of Research in Biochemistry
Manuscript Number:	Ms_AJRB_90886
Title of the Manuscript:	Purification of Alcohol Dehydrogenase Enzyme from Chicken Liver and Immobilization onto Florisil
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. Trompta, tampon and colon are not correct words. They should be changed to mixture, buffer or solution and column.2. The discussion is written with very poor English. The animal from which the liver is obtained should be reported. Many wrong prepositions.3. The sentence "The liver was purified" should be corrected to the alcohol dehydrogenase was purified from chicken liver.4. In the reference No. 18 the article title is missed.5. The legend of chromatography on DEAE-cellulose should be : Elution profile of alcohol dehydrogenase from DEAE-cellulose column. The elution buffer and its ionic strength should be indicated under the profile.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
