

**Editor's Comment:**

My final decision is positive. I think that the last version of the paper can be published.

Some corrections are needed. These are marked on the Attachment.

Also,

- The organisation of the manuscript to be checked.
- "The descriptive, interpretative and analytic research methodologies", these should be explained on the basis of the literature.
  
- Check grammer.
  
- In the text, do not use the first person "our";
- in order to avoid punctuation or grammatical errors please have your paper read by a native English speaker.
  
- References should be checked.
- All works cited in the text must be listed in the References and vice versa.
- to elaborate the bibliographic citation and references format according to the needs of ARJASS.
