PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	How was the sample size calculated? The Sample size for this frequency study is very small. Also, the duration of study is small. Needs that this frequency study will be studied on large number of patients. Also has to check the sample size adequately. Also needs to mention that the enlisted investigations were done in how much patients? Needs to give operational definition of syncope and how it was differentiated from Presyncope.	
Minor REVISION comments		
Optional/General comments	Good study but the Participants Number is small. Needs to See
