

Review Form 1.6

| | |
|--------------------------|---|
| Journal Name: | Current Journal of Applied Science and Technology |
| Manuscript Number: | Ms_CJAST_90662 |
| Title of the Manuscript: | Stratification in ratio estimators: a practical approach |
| Type of the Article | Original Research Article |

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalcjust.com/index.php/CJAST/editorial-policy>)

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | The author to write Introduction to some extent. The methods are good and sample size also follow normal distribution. The sampling methods of separate and combined ratio estimates are used in this paper very effectively with the help of Proportional and Neyman Allocation. The four stratification rules achieved good results of mango production in the state of Himachal Pradesh. The sample size 325 is enough for this case study. | |
| Minor REVISION comments | Highlighted in Red | |
| Optional/General comments | Good research paper | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) | |
