

### **Editor's Comment:**

The revised manuscript is almost readied for publication acceptance except for the following minor corrections:

1. Duplicated keywords (same as in the paper title) should be re-chosen.
  2. Acronym names such as TSS should be defined when first appear.
  3. What is "CD" in some tables? Please define.
  4. Please unify the use of "Kinnow" and "kinnow".
  5. Table numbering system may be simplified as "Table 1" instead of "Table (1)".
  6. Spelling error such as "Biliography".
7. Some punctuation errors have been detected. As such, a thorough proof-check and English check is highly recommended.
