Compulsory REVISION comments		
Minor REVISION comments	<p>In materials and methods is necessary to specify the agro-climatic conditions, the title mention agro-climatic condition but it is not specified.</p> <p>In conclusion, section is necessary to extend a little more and say in what agro climate condition the result was obtained.</p> <p>In references I suggest to add more (may be 40 minimal), so I suggest some one:</p> <p>[1] Medina, C.
