### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	English to be reviewed in whole manuscript Results and discussion part to be elaborated more. The results are promising yet been described poorly. In materials methods the author should elaborate on the trial specifications (spacing, plt area etc.) There is no table or charts on comparison of 26 varieties with the checks. On what basis the author was explaining the superiority over the checks. References need to be more populated.	
<b>Minor</b> REVISION comments	Unnecessary capitalized the word where it is not needed. Please recheck	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
