### **PART 1:** Review Comments

|                                     | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| <b>Compulsory</b> REVISION comments | The manuscript has many typographical and grammatical errors. I have corrected many of these in the attached file. Thorough revision to improve language is required. Materials and methods should include all relevant information about treatments used. Hybrid Turban source should be mentioned. Discussion should be improved to include comparison studies by other researchers. References should be in uniform format and some recent references should be included. Rabi and Kharif are mentioned either in italics or non-italics at different places in the manuscript. This should be corrected to be in uniform manner. |   |
| <b>Minor</b> REVISION comments      |  |   |
| <b>Optional/General</b> comments    | The manuscript describes IPM module for control of brinjal shoot and fruit borer with use of biorational compounds and evaluation of cost benefit ratio.   |   |

### **PART 2:**
