

## Review Form 1.6

Journal Name:	<a href="#">International Journal of Plant &amp; Soil Science</a>
Manuscript Number:	Ms_IJPSS_89431
Title of the Manuscript:	“Effect of Foliar Spray of Potassium and Micronutrients on Yield and Quality of Papaya (Carica papaya L.) cv. Red Lady”
Type of the Article	Original Research Article

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy> )

### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	<p>Micronutrient deficiencies have become a major constraint to crop productivity, stability and sustainability in many countries around the world. The topic is current and interesting because this problem may be further exacerbated by global warming It has been shown that micronutrients can significantly increase crop yields and provide better quality and life after harvest. They play a significant role in disease resistance in plants and crops.</p> <p>Main remark: The conclusion is too weak, please make a more complete summary analysis of your data in this section.</p>	
<b>Optional/General</b> comments		

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
