PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1- All information in the article must be from a reliable source, and all references used must be mentioned. 2- Scientific names must be written in the Italian form : for Example <i>Fabaceae</i> family in introduction 3- Should be replaced introduction reference Kabata-Pendias, A. (2004); Obata, H., S. Kawamura, K. Senoo and A. Tanaka (1999); because it is very old. 4- (Donald (1962)). This reference is not in the reference list. It must be added. 5- You must mention a scientific reference for the method of estimating each of the must, Phosphorous, potassium and Zinc. 6- It is preferable to add a study that supports the conclusion reached by this study in the part about potassium content. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1- It is preferable to divide the introduction into paragraphs rather than a full text. 2- You should be adding a group of recent scientific studies to the discussion that confirms and supports the results of this research. 3- Update the references used and replacing old references with new ones. 4- All references used in the body of the research must be added to the reference lis 	
Optional/General comments	<ol style="list-style-type: none"> 1- It is recommended to add some other keywords. 2- Update the references used. 3- References in the search must be indicated with a line bold. for Example (Sharma <i>et al.</i> 2014). 4- It is better to use figures for clarification. 	

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
