

Editor's Comment:

I have evaluated the comments of the reviewers. I perused the correction/changing on the manuscript "2022_JAERI_90715_v1" made by the authors.

The authors did not consider all comments suggested by either reviewer. If the author/authors disagree with the reviewers' criticism, they should explain why they disagree on each pecific comment.

My editorial decision about the manuscript which entitled "GROWTH AND YIELD OF KOHLRABI AS INFLUENCED BY ORGANO-CHEMICAL SOURCES OF POTASSIUM AND AGE OF SEEDLINGS" is not ready for publication in Journal of Agriculture and Ecology Research International.
