PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	<p>My considerations about this work</p> <p>ABSTRACT.: The authors didn't make a brief introduction. Could be two or three sentences, speaking about cultivation process of Kohlrabi.</p> <p>RESULTS.: 1 - In Table 1 there is a column with Title "At harvest". What is the age in this point? Could be better to mention it. 2 – This comment is a suggestion fo future works. The authors could use result data in Table 1 to make a modelling of the process and then, use some optimization tool to find the best combination values of parameters and, consequently optimal point of the process.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
