PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I think the results obtained by the authors are interesting, have a certain value of theory and the argument is correct. The proofs are suitable modifications of techniques present in literature. The bibliography seems to be almost reasonable. The results are new and original. Hence based on my observations I recommend this paper to be published in your journal.
