

## Review Form 1.6

Journal Name:	<a href="#">Journal of Advances in Medicine and Medical Research</a>
Manuscript Number:	Ms_JAMMR_89941
Title of the Manuscript:	EFFECT OF ORAL SODIUM BICARBONATE IN MAINTAINING ACID BASE BALANCE AND QOL IN CHRONIC KIDNEY DISEASE AND LONG-TERM ACIDOSIS
Type of the Article	

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljammr.com/index.php/JAMMR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>Dear Editor Greetings for you. The number of patients with chronic renal failure is increasing worldwide. Management of the disease affects mortality and morbidity. The most common cause of death in these patients is cardiovascular causes. Acidosis has a depressant effect, especially in cardiac terms. Treatment of acidosis in chronic renal failure is important in preventing bone mineral metabolism, anemia and atherosclerosis.</p> <p>There are many deficiencies in the design and content of the study.</p> <ol style="list-style-type: none"><li>1. Spelling language and sentences are inappropriate.</li><li>2. ARF (acute renal failure) is no longer used in the literature. Use the definition of AKI (acute kidney injury) instead.</li><li>3. A period of five months is insufficient for the follow-up of these patients.</li><li>4. Discussion part and introduction part should be more detailed.</li><li>5. Which tests did you use to evaluate the quality of life?</li></ol>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
