### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljammr.com/index.php/JAMMR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	I congratulate the authors for discussing this relevant topic, but I have made some suggestions. Overall, the work is well written, needing some adjustments for publication. I ask the editors if the theme of the manuscript is in line with the scope proposed by the journal. In this case, I recommend reviewing the English language and reviewing the CARE guideline to assist in structuring the work (available at: <a href="https://www.equator-network.org/reporting-guidelines/care/">https://www.equator-network.org/reporting-guidelines/care/</a> ), if there is a change to case reporting. The other specific comments are available in the manuscript.	
<b>Minor</b> REVISION comments	Very politely, I ask the authors to check the specific comments included in the manuscript.	
<b>Optional/General</b> comments	None.	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
