PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The language of manuscript should be checked in detail. It is necessary to use a formal language; therefore, some of the sentence should be rewritten for example "The non-renewable energy resources considered are natural oil, natural gas, coal and uranium". It is recommended for the author(s) that rather than explaining non-renewable/renewable energy sources in RESULTS and DISCUSSION part, they can be explained in INTRODUCTION or METHODOLOGY. It may be better to add some tables and graphics to show the potentials and sustainable energy delivery for Southern Africa. The axis titles should be checked. Some texts are left red it would be good to review again.	
Minor REVISION comments	The language of manuscript should be checked in detail. Some texts are left red it would be good to review again.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes. Kindly please write down the ethical issues here in details)
