PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In the abstract, the concept is not clear about NAFLD. The liver disease classification should be mentioned in the introduction part. In the conclusion part, the author should provide more specific concepts so that people understand what the author wants to explain in the whole article.	
Minor REVISION comments	1. Grammatical mistakes must see once and have been highlighted with a yellow mark. 2. The rising frequency of NAFLD among paediatric age groups has been identified as another intriguing trend : please specify why it is happening so that a clear review can be presented.	
Optional/General comments	The author has selected an excellent concept and can go through it once more to modify the writing style.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
