### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>The manuscript about vaccination development could be interested if they write in a clear way. However it lack scientific writing and there is no clear message. Some major comment are below, my recommendation is to do a serious major revision and the article should be shorten to a mini review with 2 to 3 pages with clear message.</p> <ol style="list-style-type: none"><li>1. Some comment were made in the manuscript the authors should respond to him.</li><li>2. There is grammatical mistake and the article is not written in scientific way.</li><li>3. References are missing for most of the sentences and paragraph.</li><li>4. No clear method were established, how many article you selected etc.</li></ol>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
