PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Beginning of the article, author could have filled the gaps regarding what is cancer, what are the types and its incidence and why its focused on lung cancer.	
Minor REVISION comments	Classifying lung cancer point by point could be more meaningful then writing in statement form. Similarly thought content to be prepared	
Optional/General comments	Very interesting topic but in an organised way makes meaningful presentation	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
