### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	This is a good write and the author did a level of review I build up to the entire write up. In the meantime, the author can do better by reviewing more of articles in line with cyber-security in other higher institution to make the article more robust. More so, the articles can capture the view of people in charge of the e-platform for assessment and interview the lecture that is directly in charge of coordinating the e-assessment in this school of interest	
<b>Minor</b> REVISION comments	The author could have given an insight into the number of schools and population of school using e-learning and review one or two concerns other researchers must have raised concerning the credibility of the platform for assessment.	
<b>Optional/General</b> comments
