

Review Form 1.6

Journal Name:	South Asian Journal of Research in Microbiology
Manuscript Number:	Ms_SAJRM_91043
Title of the Manuscript:	Biochemical and Serological Tests for People Recovering from COVID-19
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalsajrm.com/index.php/SAJRM/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Avoid using abbreviations in the abstract. Please mention the research gap in the introduction. Please add flow chart of the research methodology. In the conclusion section "The maximum level of IgG antibodies was detected 6 months after infection, and the LDH and CRP tests looked abnormal 6 months after infection, whereas both urea and creatinine appeared abnormal 4 months after infection. In general, the concentration of IgG was higher in the second period with LDH and CRP than in the other periods." Please add some possible future directions of the research. If number of patients are high, what will be the procedure to analyze the data and graphs quickly?	
Minor REVISION comments	Please proof read the document before final submission	
Optional/General comments	Paper is well written. Please incorporate the above mentioned comments.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
