PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none">• Data reproducibility is not proven based on any graph.• There should be some description of, which population group and probability are using African seed oil.• If they are compared with other daily used oil, the reuse of sunflower and groundnut oil is also not good. All are having more or less the same profile; hence the comparison is not justifiable.• Given data is not interpreted and correlated with each other.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
