PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1- The abstract of the article should be rewritten in standard format. 2- Add more relevant words to the keywords section. 3- Many contents in the introduction lack references. Reference must be provided. 4- In the research method section, there is no information that specifies the research method. The research method should be written in this section. 5- More explanations should be added to the research findings section in order to make the issue clearer. 6- Table and Figure numbers should be mentioned in the text of the article. 7- For the statistical analysis of the data, only "percentage" was used, which is very simple. 8- There are many sources in the references section, but they are not used in the text of the article.	
Minor REVISION comments	1- The background review section should be shorter and the same format should be used for all cases.	
Optional/General comments
