PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In the abstract and the result section, the author/s mentioned that "a majority of the district level agricultural officials (100%) had the availability of Microsoft package, laptop, internet services, social media, e-mail, the village level agricultural officials (100%) had the availability of only mobile phone and television" but in the result table it has shown that 100 % respondents had Microsoft office and laptop but in case of other instruments/accessories 100 % had no such accessibilities. Please reinterpret your result as stated in the result tables. In the methodology section, it has been mentioned that all the officials of different cadres were included in the study. But the number of selections of samples from different cadres has not been mentioned. Try to modify discussion section with more citations.
