PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I suggest separating the numbers from the letters in the following expressions: On examination, there was a swelling of size 15 x 10 cms Another swelling of size 3 x 3 cmsdefect measuring 5.4 x 4 cms hypogastric region with a defect 5.4 x 5 cmspelvic floor of size about 5 x 5 cmswith dual composite mesh 15 cms	
Minor REVISION comments	I suggest the following modifications: CT abdomen imaging revealed Image 2: Computed tomography of pelvis taken preoperatively (sagittal view with yellow line highlighting the hernia sac) Image 4: Computed tomography of pelvis taken postoperatively (sagittal view): no recurrence 3 months postoperatively.	
Optional/General comments	Very interesting and curious paper	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
