Manuscript Number:	Ms_AJCR_94198
Title of the Manuscript:	GIANT LEFT ATRUIM IN RHEUMATIC MITRAL VALVE DISEASE, WHAT PROGNOSIS? (About 3 cases).
Type of the Article	Case study

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajcr.com/index.php/AJCR/editorial-policy> )

### **PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>The article must be rewritten in order to get a better overview about what the authors want to present in the manuscript.</p> <p>There is no a clear objective in this CASES PRESENTATION.</p> <p>Authors must define firstly what are the objectives to present this manuscript.</p> <p>Secondly, authors must reorder the presentation and development of the manuscript, while highlighting what are the classic descriptions by Echo, MRI, etc in this kind of cases.</p> <p>Besides that, authors must support all precise information cited into the article with the most proper REFERENCE citations in order to accurately validate the info.</p> <p>Additionally, if the idea is to describe the surgical technique to approach the giant left atrium, I highly recommend the authors to review the several techniques as LEFT ATRIAL REDUCTION.</p> <p>Along with all the above, the close association with thrombus formation and stroke should be emphasized.</p> <p>LA appendage involvement should also be mentioned in these cases. How it works as a compensatory chamber and how much the LAA exclusion may affect the cardiac performance, etc.</p> <p>The manuscript should be newly written including all these recommendations.</p>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	Additional comments can be read in the main document.	

### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
