|-------------------------------------|---|---|
| Compulsory REVISION comments | The reasons for the importance of this idea being implemented in India are not well illustrated even in discussions not reviewing journals with other fauna diversity data (ecological data) research sites in India In Discussion: There is no specific explanation of how to combine the approaches that have been carried out by previous researchers in India. Researchers have not explained that the implementation of this bioskustic requires good basic ecological data (distribution, habitat, behavior, and vocalization of animals that have been identified). | |
| Minor REVISION comments | | |
| Optional/General comments | | |
