PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>More comprehensive information should be given in the research method section, for example:</p> <p>How are the statistical population of the research selected?</p> <p>What was their level of education?</p> <p>Which opinions are from students and which opinions are from teachers?</p> <p>Which countries were the respondents from?</p> <p>The research method should come after the theoretical knowledge of research</p> <p>The research background is not mentioned.</p> <p>About the questionnaire questions:</p> <p>What is the basis of the questions? Have they been validated? Why is it not mentioned how many experts have confirmed their validity?</p>	
Minor REVISION comments	<p>The research methodology should come after the theoretical framework and the research literature</p> <p>It is better to mention that people from which countries have given such opinions? And it is even good to be compared</p> <p>The suggestions are somewhat obvious and it is better to provide more constructive and innovative recommendations</p>	
Optional/General comments	Tips are given as comments in the file
