PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | | |
| Minor REVISION comments | The manuscript is especially interesting for rural fish farming in its three approaches: traditional, semi-intensive and intensive. The only thing missing is a mention about the prices of the product (noni) compared to other pharmacological products used, highlighting the relevance of the advantage in the reduction of production costs of cultivated organisms. | |
| Optional/General comments | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
