### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajl2c.com/index.php/AJL2C/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Has no prior research been conducted on Kisukuma compound words? If applicable, include relevant prior studies in the introduction and indicate the research gap and current state of the field. What are the data in this study? Data is not clearly explained. Only the data source. And there is no reference to the method used in this study. And reiterate on the conclusion.	
<b>Minor</b> REVISION comments	There are too many words in the abstract; please condense it (less than 250) Recommendations do not need to be described in the abstract; only the research's findings and Conclusion are required.	
<b>Optional/General</b> comments	Manuscripts are too long in the LITERATURE REVIEW section, should be reduced and added various related Menomena to the introduction only  Give an introductory sentence before heading to the Result and Discussion sub-chapter	

### PART 2:
