Editor decision regarding *Ms* AJRAVS 93560

Bacterial and Parasitological causes and Risk factors associated with Bovine Calf Diarrhoea in Tamboul Locality, Gezira State-Sudan

The subject of the manuscript is of scientific and practical interests.

Besides, those comments of the Reviewers that feature relevant have been correctly addressed by the Authors.

Accordingly, in my opinion, the revised version of the manuscript is quite acceptable for publication in AJRAVS.
